

MATERNAL HEALTH SUMMIT

Exploring ways to provide the best maternal and reproductive health care and keeping Veterans Health Administrations (VHA) a trusted source of support for perinatal Veterans.

July 27, 2023 | Orlando, FL | Hosted by: PREPARE, Perinatal Reproductive Education Planning and Resources

PURPOSE

To provide uninterrupted face-to-face engagement between health care colleagues to discuss and strategize solutions for varying complexities affecting Veteran patients' access to affordable and quality perinatal care

OUTCOMES

Advance Veteran care by enhancing awareness among health care staff and preparing them to apply their innovative strategies and improve maternal and reproductive health care within VHA

OBJECTIVES

1. Convene health care colleagues to explore the most efficient ways to deliver specialized perinatal services to Veterans
2. Enhance knowledge, networks, and collaboration among practitioners
3. Understand the current climate of perinatal services within VHA and strategize its improvement

SUMMIT DISCUSSION TOPICS

- Perinatal Health Disparities
- Current State of VA Maternal Health
- Social Determinants
- Perinatal Health Disparities
- Perinatal Health Innovation

PREPARE

Perinatal Reproductive Education
Planning and Resources

PREPARE is a multi-disciplinary approach that offers a one-stop shop for Veterans seeking maternal and reproductive health services
